Gentlemen:

Some months ago I saw some publisher's news item to the effect that you were planning to publish "President Nixon's Psychiatric Profile," by Dr. Eli S. Chesen.

Unable to find it at local book stores, I write to inquire whether the book actually has been published and, if it has, how to obtain a copy.

I should be glad to remit promptly if you were to send a copy and bill me for the price and postage; or, perhaps you would prefer to ship it collect, or simply advise me how to order directly from you, including cost of postage.

Thank you,

James D. White
