
Pentagon Papers Reportedly Given To Yank POWs

New York

The North Vietnamese have distributed paperback copies of the Pentagon papers to the 339 American prisoners they hold, two women who recently visited Hanoi said yesterday.

Amy Swerdlow and Irma Zigas of the Women's Strike for Peace said they were told of the book distribution during a 12-day visit.

They were refused permission to see American prisoners because of security measures taken after recent American bombings, they told a news conference.
