Edwin M. Gaudet - Federal charges against him, on alleged threat against Nixon, dropped in New Orleans, but he is still held in Albuquerque on state charges of three counts of assault with intent to kill a police officer. (Had shot at officers three times 21 Aug.) The federal charges were dropped because woman witness in New Orleans would not confirm under oath "her previous, positive identification."

Gaudet said (no date) he had agreed to surrender ~~with~~ after 22 Aug only after the officers told his wife that no state charges would be filed. (See also clipping 28 Aug 73, SFC.)
