Nixon and Agnew meet at White House, / (Warren says/in
announcing the meeting that it is at Agnew's request.)
Warren will not say what was discussed but does say two
topics not discussed were Agnew's resignation and the question

Nixon counter-attack - From column by Stewart Alsop: "The
President had planned a three-stage comeback attempt. The
first stage was his nationally televised apologia on
Watergate. It flopped. The second stage was the speech
in New Orleans. It flopped too. The press conference
[by inference, third stage] was certainly not a home run,
but it was at least a respectable base hit, ... and to most
of the citizenry Nixon's answers no doubt sounded sensible
and convincing enough."
