JILL VOLNER  
Canceled checks, too

## Watergate Staff Aide Burglarized

Washington

The home of assistant special Watergate prosecutor Jill Volner was burglarized Tuesday night, police reported yesterday. (27 NOV.)

Mrs. Volner said a radio, some clothing, a safe deposit box key and four boxes of canceled checks were taken.

Reached at her home, Mrs. Volner said it looked like a routine burglary. But she said she does not know why anyone would want her canceled checks.
