

Rev. Sun Moon Rally in Japan

Tokyo

More than 1000 Japanese members of Christian churches rallied for two hours here yesterday and urged Americans to love President Nixon and forgive the sins of Watergate.

It was the second such rally organized in an Asian

capital by the Rev. Sun Myung Moon, a North Korean refugee and founder of the Holy Spirit Association for the Unification of World Christianity. A demonstration in Seoul, South Korea, drew 700 persons on Tuesday.
