

“Devastatingly informed”*

SECOND LARGE PRINTING
BEFORE PUBLICATION

HARRY and BONARO

OVERSTREET

present a thorough, unbiased, always fascinating report on the FBI in all its areas of activity. What is the truth about the FBI and the civil rights movement? The FBI and organized crime? The FBI and Communism? The FBI and the Warren Commission Report? The FBI and applicants for Federal posts? Does the Left appraise J. Edgar Hoover accurately? Does the Far Right? Here, at last, is a book which gives full, impartial answers to every question about the FBI's policies and practices and its significance for our democracy.

“Necessary reading

for anyone who writes or speaks about the FBI — there is really no excuse now for an honest critic to entertain rumor or gossip when such a wealth of truths and facts are there in *THE FBI IN OUR OPEN SOCIETY*. And it is important reading for anyone who is interested in the safety of our republic and the continuance of its freedom.” — HELEN MACINNES

“Provocative and rewarding...

I suggest three kinds of people who will find the Overstreets' *THE FBI IN OUR OPEN SOCIETY* provocative and rewarding: (1) those who distrust and hate the FBI; (2) those who trust and esteem the FBI; (3) those who are indifferent to it. I doubt if anybody can be indifferent to this devastatingly informed book.”

—*ROSCOE DRUMMOND

“Enlightening, highly useful...

There is no clear understanding, even among supposedly sophisticated Americans, of what the FBI is and is not. This book makes that clear. It is an enlightening and highly useful book. It provides a service that ought to be widely appreciated.” — LEONARD R. SUSSMAN, Executive Director, Freedom House

“Much-needed...

It is a great book because with vibrant writing and calm facts it sets the record straight.” — MORRIS L. ERNST
