

From article by Richard E. Sprague (The assassination of President John F. Kennedy: the application of computers to the photographic evidence, p. 31):

For reasons that may be guessed, this book [Farewell America] is very hard to obtain in the United States but it can be bought in other countries. Although it has Library of Congress catalog no. 68-57391, at the Library of Congress it is "not available". Commercial importation of the book has been blocked by the U.S. Customs and the U.S. Post Office.
