Dear Sirs,

Joachim Koesten says you have for free distribution and quotation a pamphlet titled, "Everything you always wanted to know about Jacqueline Kennedy's behavior at the moment of the assassination of President John F. Kennedy", etc.

I'd appreciate a copy of this and anything similar you may have.

Sincerely,

Harold Weisberg

Thank you for your interest. I am enclosing the pamphlet on Jacqueline Kennedy that you request. I have very few spare copies of it, so hang on to it. I wrote this article under a nom de plume because I did not want to be described as "a publicity seeker." I rented the postal box for this one article alone.

You will find the article of no value, from a practical point of view, until after the death of the erstwhile Jacqueline Kennedy. It is the sort of thing that no publisher would even hint at while she is still living.
