WASHINGTON AP — Ethel Kennedy, the widow of Sen. Robert F. Kennedy, was admitted to Georgetown University Hospital Wednesday night to await the delivery of her 11th child, planned for Thursday morning.

A hospital spokesman said a Caesarean delivery was planned for 8 a.m., 12 hours after Mrs. Kennedy was admitted.

Mrs. Kennedy has seven boys and three girls, aged 18 months to 17 years.

Her husband, the junior senator from New York, was assassinated in Los Angeles last June as he campaigned for the Democratic nomination for president. He was shot in a hotel hallway just after winning the California Democratic primary.

Mrs. Kennedy was admitted to the same hospital in early October, apparently for false labor, but was released the next day.
