

U.S. Nazis Plan for 'Survival'

By Mitchell Thomas

Two American Nazis held a press conference in Pacifica yesterday to announce formation of an International Aryan Survival Committee.

Allen Vincent, who described himself as a "professional racist," and Charles Francis Graul, who said he is national director of the National Socialist People's Party, met the press in a trim tract house at 126 Del Monte drive in Pacifica. They said the house has been leased by the new committee.

Vincent wore a black leather jacket with a swastika armband, and held an AR-15 rifle, loaded, in his right hand throughout the press conference.

Graul, also wearing a swastika on his arm, had a cartridge belt over his left shoulder and a loaded revolver on the table in front of him. Nearby were a photograph of Adolf Hitler and copies of "Mein Kampf" and other Nazi literature.

Vincent and Graul would not say how many members the International Aryan Survival Committee has, but said its strength is primarily in Argentina and Northern Europe. They defined Aryans as "all Northern Europeans."

Graul said his party has more than 1000 members throughout the United States. He said it is not associated with the National Socialist White People's Party, the Nazi group founded by the late George Lincoln Rockwell, which is based in Arlington, Va.

The two parties "have some differences," Graul said, "although they're so small they're not worth mentioning."

Vincent and Graul said they are going to the U.S. attorney's office in San Francisco this morning to try to get criminal charges filed against "all the Jews."

"We charge the willful and

conscious destruction of all life forms on this planet by the Jewish way of life," Vincent said, adding that Jews "control everything" and are responsible for "crime, pornography, degeneracy, drugs, pollution . . ."

Graul predicted a "total economic collapse" in the United States within a year, followed by hunger and "widespread cannibalism. Black people will be putting white people into their cooking pots."
