

Report Means Nothing to Ruby

DALLAS—(AP)—Jack Ruby learned about the Warren Commission's Report Sunday from his sister, Mrs. Eva Grant.

But she said he "just didn't comprehend it."

Mrs. Grant said her brother is "inhibited with hallucinations about the Jews being persecuted . . . The things I say to him don't register."

Sheriff Bill Decker said he also visited Ruby's jail cell to deliver mail. "He didn't say a word about the report."

Sister Says Ruby Failed To React to Warren Report

DALLAS, Sept. 28 (AP)—Jack L. Ruby learned about the Warren Commission's report yesterday from his sister, Mrs. Eva Grant. She said he "just didn't comprehend it."

Mrs. Grant said her brother was "inhibited with hallucinations about the Jews being persecuted."

"The things I say to him don't register," she declared.

The commission reported it had no evidence that Ruby knew Lee Harvey Oswald, who assassinated President Kennedy. Ruby slew Oswald.

Ruby acted alone, after he had read that Mrs. Kennedy might have to return to Dallas to testify at Oswald's trial, the commission said.
