

Warren Report and Ruby

Dallas

Joe Tonahill, a defense lawyer in the Jack Ruby murder trial, said yesterday he has found "shocking inconsistencies" between testimony given at the trial and

testimony given the Warren Commission. He declined to be specific.

Ruby has been sentenced to die for the killing of Lee Harvey Oswald, the accused

assassin of President Kennedy.

Tonahill said he will use "new discoveries" found in the 26-volume Warren report in his appeal this spring.
