AUSTIN, Texas, Oct. 20 (AP)- The Dallas district attorney's office asked the Texas Court of Criminal Appeals today to reconsider its Oct. 5 reversal of Jack Ruby's death-sentence conviction for the slaying of Lee Harvey Oswald.

Oswald was identified by the Warren Commission as President Kennedy's assassin.

The high court ruled two weeks ago that the trial judge at Dallas should not have admitted police testimony on Ruby's remarks soon after the shooting of Oswald and should have transferred the cast to another ^{county} ~~county~~ for trial.

The district attorney's office filed a motion for rehearing of that decision.

In its motion the state asked for a rearing because of what it considered to be four errors by the high court:

1. Throwing out the police testimony on Ruby's remarks.
2. "Permitting and condoning" defense counsel after the Oct. 5 decision to "brain wash" prospective judges and prospective jurors on any new trial into believing the state can get only a murder-without-malice conviction without the police testimony.
3. Ordering any new trial to be held in a county other than Dallas when it has not been shown that the alleged prejudicial conditions that existed in Dallas during the March 1964 trial exist today.
4. Ruling that Ruby did not receive a fair trial because of prejudice.
