

Chinese Club Protests Hoover Spy Statement

The Chinese American Democratic Club here demanded yesterday that President Nixon fire FBI Director J. Edgar Hoover for his "racist, untimely and repressive" announcement of a crackdown on Communist Chinese "spies."

"Hoover is attempting to dictate United States foreign policy . . . and to intimidate and harass Chinese-Americans by falsely, summarily and indiscriminately accusing thousands of Chinese-Americans of carrying out intelligence activities for the People's Republic of China," a statement from the group said.
