Commission's Task

Facts vs. Theories Of a Conspiracy

Washington

The Warren Commission agents. presented a massive array of evidence in rebutting the view — widely held abroad—that Lee Harvey Kennedy.

In doing so, the Commission had to grapple with a bewildering mass of rumors, speculation and misinformation that was generated in the shock waves of the assassination.

Commission's own verdict on the conspiracy question:

". . . The Commission spiracy theory. concluded that there was no credible evidence that Lee Harvey Oswald was part of a conspiracy to assassinate President Kennedy."

SUSPICIONS

Suspicions of a conspiracy began to form almost im-mediately after the assassination: First, a conspiracy by Dallas right-wingers and then, after Oswald's arrest, a

conspiracy by Communist

New swarms of rumor took wing with the jailhouse murder of Oswald.

Theories on a conspiracy Oswald was only a cog in a conspiracy to kill President magazines, and, finally, in magazines, and, finally, in books that reached millions of readers.

BOOKS

The two foremost examples are "Who Killed Kennedy?" byThomas G Buchan the shock waves of the assas-ination.

This, in a nutshell, was the commission's own verdict on the shock waves of the assas-an, a form living in France, and "Oswald: Assassin or Fall Guy?" by German-born writer Joachim Joesten. Both expound the right-wing con-
