You do not get the Sunday Times, but you may see the story they moved 10 for use 16 and think I want. I have the wire copy. It is on Robert K. Brown, well-known to me and included in COUP, exed for F-U. If he is ever of interest to you, I have an extensive file on him and recollections of what is on untranscribed tapes about him by others. Used to do business at Panther Press, now has partner in Paladin Press, Boulder, Colo. Anthony Ripley's piece underestimates him/them considerably. H
