

8/26- I'll be ~~handlin~~
sending F soon. Don't ^{AUG 26 1972} be overwhelm-
ed by its volume. If there is any-
thing in it the return of which I
ask, it is not urgent. Je will be
able to discard in many cases by
the headline. As I have accumula-
ted it I have also forgotten part
of it. But I think a fair part has
to do with the press, some with
sidelights on the GOP convention I
didn't see in the regular news,
etc. I had most of it put in the
envelope before your comment on
the volume. Since then I've been
more selective, hoping I have not
ignored what might interest. H
