

Ian sent me the Ross Sun-Times piece on the false passport,  
X etc., from the Star of 12/12 and the NYT's "World of  
Howard Hunt" In Ruins After Six Months" piece, which is a  
rather remarkable thing. If Larry does not send me the S-T's  
X own story, as it printed, I'll send you this. I'm not filing  
either until after Volz comes anyway. I wonder if Volz's  
renewed interest was augmented by the Ross inference of  
continued CIA involvement in political espionage, inc. WG.

The 10/72 NYT stories on Sirhan (refusing to attend parole hearing-fascinating!) and Bremer (aggressor where he alleged homosexual advance by another and could have shot Wallace twice in Milwaukee while reading The Assassination of J.F.K. but didn't- SOME book!) not in papers I saw. Thanks. One could conjecture endlessly, but with the insane, can one be sure one is close? Assuming authorities not lying, why would he alleged advance if he made it? HW 12/16/72 DEC 18 1972 41
