

HR sent me a 12/12/72 Bulletin clip on the terrorists calling themselves The Cuban Secret Government. The Post ignored. If there is anything saying anything or giving any names - anything of substance you see - I'd be interested. There is the continuing problem of CIA-trained Cubans using CIA-supplied explosives. One was indicted couple of years ago. HW 12/24/72. 46 ~~527~~

I note I taped my conversation with Larry to be able to have an audio memo pending getting the Chicago clips. Before re-casting this cassette I'll put it aside to see if you want to hear on Arthur Hunt's death. Looks like about 30 minutes. HW 1/24/72
