

DEC 30 1972

This was folded in story. If I didn't  
carbon you, sorry. I did drop LF a note on 47  
Balden, had much earlier backgrounded him.  
There was a time when I believed the Balden  
story. It may still be true. I have what has  
not been published, except in Xerox COUP,  
on him. Howeverm the indications are that  
he flipped and that his wife was aware of it.  
Tom Kelley told me this in what seemed like  
genuineness. He did seem sorry. Looked it.  
I'll have to ask LF for obit. I presume you  
know Balden Stroy, I have several large  
files. HW 12/29/72

This has no apparent connection with anything,  
but better you have a copy if you need it.

Had not heard about

Abraham Bolden.

Would LF know?
