2/14-There is so much, including direct quotation, in the AP B wire story in our local a.m. paper that is not in the Wash Post's A-wire account that, if it is not too much trouble, I'd appreciate a copy of what was moved on the Irving plagiarism/Time-Life thing, but not in any rush. Merely for a full file. The copies of Esquire said to have been sent have not arrived, so I have not yet seen that story. I have not yet decided whether to write a simple, polite letter of inquiry to Esquire but if I do, will send. HW
