

JAN 8? 72

2 8 JAN 72
Hidden refs to Charles and Marie
(Martin, etc.) Stein, both with
narcotics records. He seems to have
disappeared, she is in Algiers,
suburb N.O. I have raps sheets, etc.

2 8 JAN 72
This is Martha M, on which, as I
told you, I'd missed the best by
far, the first segment. However,
because you have no TV, it may
give you a bit more of the feline
flavor than the colder printed word.
It is also one of the cheap tapes
of which I wrote. Last night by
accident I learned that Mort Sahl
was to be on the Cwvett show and I
stayed up for it. Surprisingly, he
made no single ref. to any assassina
tion or to Garrison, didn't even
get close to anything that could
even suggest the subject. Alexis
Smith was on it with him and pulled
the best line of all, about Nixon.
What I have earlier reported of TV
news coverage continues, as slower
pace and less space, but even today
on CBS a.m. TV news he was again
called a liar, this time by Murray
Kemton, who explained it by saying
that N persuades himself that lies
are truth before telling lies. The
persistence of this honest reporting,
perforce anti-Nixon, surprises. H
