7/14-Marcello deportation hrg:  
interesting that any question was  
asked about Ferrie. But if any  
were, I can only wonder about why  
the wrong one was, did Ferrie ever  
fly him any place? The question  
should have been did Ferrie ever  
do any work for him? He did, at  
least as investigator (successful)  
on the earlier immigration case.  
There are reports of flying jobs.  
But when Ferrie twice flew to  
Guatemala on the deportation case  
by commercial plane, it is unlikely  
that he flew Marcello out privately  
in one he had in his luggage. H

7/14-Note from new S-I clips that  
with all the fanfare of the JG  
arrest, all that publicity, there  
is this new indictment that  
excludes him and includes  
interstate charge. Makes one  
wonder even more if they had  
anything on JG or if they decided  
the public hurt and the attention  
they could expect would be worth  
blowing any case they might get.  
This can't be disposed of before  
election, so they can't lose. H
