

My friend Ed, who is unknown to you, is giving ~~to~~ Peter Dale Scott's The War Conspiracy. I had expected to have to await remaindering or paper-back. This is to let you know in case you would like to borrow it. I can remember when, among those I knew, only Jim Eason entertained beliefs like mine on JFK and the SEAsia war. In fact, as recently as perhaps three months after the Pent. Papers were published friends at the Intsitute for Policy Studies, call the left-wing think-tank, still would not agree. Had me in to discuss with Stavins (close-minded on that). Jim had a good name for his file, Escalatio. HW 10/7/72

10/6/72 Wecht/National Enquirer This is to let you know that Ed Williams is sending me a copy of their story with or by him, so thanks, but dont send it to me and, conversely, I will be able to supply a copy. From what Ed said, it is pretty bad, full of such stuff as Bobby was killed because he was investigating the JFK assassination (Shade of Fensterwald and his Committee- same thing by Bud and Sprague at Univ. Penna 10/2!) Apparently this changes Ed's views about what to expect in the future from Wecht. I guess it made him feel unhappy if he called me from Canada. HW
