

The gang-war issue of Ramparts and interesting-looking clips here today. Thanks much. I'll read when I get drafted next chapter for typing read and corrected. From Lesar I have the first of McCord's three-partter for Armed Forces Journal if you want copy. He'll probably supply other 2 when they appear. ...Although the papers are overloaded with the unprecedented on VVAW, glad to get this because I'll be using as example now, aside from in The Informers....I tried to interest IPA (Jacobs book) in this more than a year ago. It appears I did! Best, HW 8.18.73
