

HW:

In a couple of your notes and memos you talk of a 25-page staff memo, which apparently came from Weicker, on Hunt. Yes, this sounds very interesting, and if you can supply a copy we'd be very grateful. Please let us know what the costs are, and don't forget. Thanks very much.

HW:

Thanks for the offer on Robert K. Brown's mss on Latin-American operations. You hadn't read it yet, so suppose you let us know how worthwhile it seems when you get around to it. At present we doubt we'd find the time to read it properly, and ~~any~~ a copy of any memo you do on it would probably fix us up very well.

Also thanks for the offer on Timothy Crouse's article in Rolling Stone. We'll pass that too. Same reason..
