

I appear to have established a good relationship with Robert A. Brown, Paladin Press, the same guy who got the offer to off JFK and all of ADA, etc. He gave me his manuscript on CIA Latin American operations and with his ok I'm having copies made for Lesar and a young New York Lawyer, who is doing the copying and has read the ms. He thinks it is not publishable. But on specifics he also is not in a position to evaluate. I'll read when I can, after I get it back. I don't know whether it interests you. If you'd like to borrow it, let me know. After I read it I can offer an evaluation. Or perhaps Lesar will read it before I do. Depends on when I have what hearings what I'll read when I get this back. HW 12/16/73
