

HW:

Herewith, returning your Finley tape.

On the other side, runs about 12 minutes, is part of tonight's IndoChina report from the Asia Information Group via KPFA. Their sources, in addition to the usual American sources, are Hanoi radio, the Vietnam News Agency, the NLF news agency, and Agence France Presse.

First section is an impressive summary of foreign reaction to the bombing, in which you've expressed an interest.

Second is an excellent summary and outline of the negotiating benchmarks that led to Kissinger's return from Paris last night, Saturday, Jan. 13. Makes interesting listening, even if you know practically all of it already.
