Dear Jim, the fat mailing with the Miami Herald 9/2/73 story on the Sturgis indictment came today. To this moment it is all I've read. Among the things that have occurred to me one is pretty farout, so for the moment I'd prefer not to say anything but to watch, if you see anything else. Meanwhile, would you please send a copy to Mr. J.D. White, 35 Castle Rock Dr., Mill Valley, Calif. 94941? I'd like him and his wife to read this story without further comment from me to see if, independently, they conceive the possibility I do. The copy you sent is partly illegible, so a copy made from it will be less clear...On another matter, I have heard from Gaudet's lawyer, who remembers me and is defending the Taos indictment on which you also included a clip. She wants all the local stories. You will have the Post's, the Star's, the NYTimes and perhaps others. I have only the early-edition Post's. I'd appreciate it if when you have time you make a copy of everything you have other than the N.O. papers and send them to me with a note of the last date covered. I will then compare with my file and send to her. The Whites get other papers and the early edition of the Times, so I'll also ask them to help this way. Please ask Bob and Bud if they have anything you don't, for if she asks for other than N.O. clips she must have a reason. She is a fine person, can't be getting a fee, and I know of other cases she has taken from principle and without fee. I have in mind a Warren witness who was helpful to me and under my questioning in her presence blew her mind. This led to one of Garrison's greater stupidities, one of his more serious failings. It could, really, have broken the entire case and if it fell short, would have been an unimaginable sensation. It is remotely possible we may be able to pick it up, with her help, later, BH 9/8/73
