

Skimmed your nice fat brown envelope metered
9/10 to see if you sent anything on Gaudet
because I was writing lawyer to cover Finley's
stuff. Depends on how much I get corrected for
Lil to retype and how I feel whether I'll get
into promptly. Noticed ref. to STM's indexing.
Would have told you on writing what I've just
learned from Lesar, Congressional Quarterly
has what if calls a WG Chronology for \$6.00
Lesar says index most valuable part. He offers
to get me copy, but I can't spare \$6.00. Would
you like one? He'll get and send. HW 9/14/73
