

Dear Jim, As soon as I read your Stevens letter of the 14th this morning I phoned Lesar to give him a paraphrase. Lindley's Stevens also spoke Russian and the rest seems to fit. We did not have a lengthy discussion because he is coming here Thursday. Quite interesting. I don't remember any one of Hal's group too clearly, save for a couple of the weirdest and one or two rather solid people. Thanks for the STMing! The large envelope with the Ramparts also came. I've read nothing else yet. Noted the Audet clips, thanks. As soon as I write a covering note to William Cohen I'll return to the chapter I'm finishing and then will go over these goodies. I noted your question about whether Hunt would testify. The last thing I heard is that he may be the first with the dropping of Colson. Saw nothing in Post. Jim said he heard that Allard Lowenstein has developed a q.t. interest in RFK offing. How q.t. you can guess if he heard. HW 9/17/73
