

Your letter of 23 in today's heavy, unopened mail, and mail is a problem gearings days/ I have a special purpose in this hasty note just prior to b'cast: the news-

OCT 1 1973

stand, which promised to hold a copy of yesterday's Times with whatever it had on Hunt's first day, apparently did not. At least they could not find it this a.m. In addition to what I've earlier indicated that interests me, in case you notice-and DO NOT listen to all those tapes to find, please, I am interested much in what he said and how he said it of his Mullen employment, of Mullen (CIA-connected I knew but he also said), of its contacts and business, etc. I recall what seemed like a slurred ref to what sounded like an H and W contract and I knew they had non-competitive HEWs. This is not urgent. I am satisfied I remember enough accurately enough to fortify the hasty scribbled notes. So please do not go to any extra trouble. Only if you see these kinds of things. What he said of the break-in is nothing, really, and he wasn't really interrogated. Nor was he asked about other jobs in any explicit or definitive way. By the way, I was impressed by a) his use of his lawyer and b) the things on which and the way in which he used a competent mouthpiece. He is no dope...When I speak to Lesar, I'll also ask if he has the 9/25 Times. But with Sussman off, I can't ask the Post. He used to control those files. If they call me for anything, I can and will. Best HW 9.26.73
