

Particularly appreciate Harry Kelly's  
Chicago Service's 2/17/74 from SFExam  
on Nixon losing his grip.

Too bad these fine pieces do not take the  
last step in spelling out. At the part  
where image is gone into, what the reader  
has to figure for himself that this is  
more important than what happens to  
the country.

% popularity vs % inflation.
