

Liebergott memo: I'm positive I sent this so I  
guess there is a mailing you did not receive.  
IF JL can't find his copy, I'll have to listen to  
hours of tape. Sorry for the time and trouble,  
but thanks for taking it. It was a fascinating  
picture of Hunt, from his life style to his  
incredible beliefs by a man who knew and enjoyed  
baiting him. Important because it proves that  
Hunt did no real work on the HEW contract and the  
little he did was incompetent. He and the WH  
were actually going to air the Julie p.s.a. before  
the election. Bennet nixed it. HW 7/26/74 JUL 31 1974
