

Howard, today's WIREPOST'S early editions had no text Nixon's Houston conference of last night. Later editions I'm told had excerpts only. Probably early Times also had no full text. If you have it I would appreciate a copy. Not only for a full record but because I think I detected a subtle change that, if I am right, could be significant re what is referred to by date shorthand, 3/21/73. Don't go to any great trouble, though.

Thanks and best, HW 3/2
