

11 November 1974

Dear Harold:

The attached not copied, but thanks anyway. I did read through them in an effort to see if I could discern any of the angles you mentioned, but My recollections of the case now are so hazy that I could spot nothing which look@d like it could contribute to anyone's knowledge. His specifics about times and places might be useful to someone, but I'm in no shape to identify them. Sorry to be unable to help.
