

9 August 1975

HW:

This is the only thing seen here on the Atlanta story. The Chronicle ignored it. Can't say about the other locals, but if the Ex had used it the Chron probably would have tried to catch up with a follow-up of some kind. Don't know about the Oakland Tribune, but it's so moribund now that despite Oakland's large black population it probably ignored it too. We'll watch for anything further.

Bett,
