

JDW: Tnx for useful, new clips with 6/24. ...There will be more on McDonald, initiated by his/agent's needs and already by Kevin, KMPC, 6/27. It is one of a series of ccurrent, coinciding and to some extent (Fensterwald and Gregory, probably separately) integrated/ operations that serve whether or not part of Dept. Disnformation uses, needs. Popkin is rehashing some old and dehunked stories. Ditto for Atlanta/King ploy, seemingly Schoenman through Hosea Williams, with or without Gregory's support and apparently Fenserwaldian crapola. The proliferation can be attributed to the time and the temper but I think doing this would be foolhardy. But in not one case do I know of a single hard and substantiated fact, even allegation worthy of credence....Kerr did phone twice, once to see if I'd agree to be interviewed later after he set up old machine to record. He seemed reasonable and concerned about an aspect of the foregoing, which seems to be something of which an increasing number are becoming aware. I hope that what was aired made good sense after editing. Thanks, HW 6/29/75
