Dear Harold:

Herewith what we've heard locally on O'Toole.

FYI we also went out and got the April Penthouse which carries his article, excerpted from his book. Doesn't impress me, but if you need a copy I'll be glad to make one and save you the \$1.25 for a copy of Penthouse. Let me know if you need.

At the top of Page 2 of the KPFA transcript is a reference to an interview with Sturgis in which he is supposed to have said the reason for the Watergate break-in was that Castro had been feeding the Demos a list of attempts on his life which he blamed on the CIA and the the Nixonians, and that it was to get hold of these documents that was the purpose of the break-in. I don't recall such an angle in any interview with Sturgis, do you ?

On the last page of the KPFA transcript is some interesting stuff about the allegedly widespread use of the PSE.

Your March 11 mailing came in okay yesterday. Glad to hear Grodin is pushing the dealer for a proper replacement for your TC55.

Best,

jdw
