

One of the small, nice things the local printer of the flyers & the envelopes teaches it in a nearby high school. He decided to redo the copy typed in effort to make it look better. He made a typosheet was printing before he caught it. Instead of just throwing the wasted paper away he made & brought me a bunch of scratch pads... We have done to 3,000 stuffed envelopes - not the entire list - ready for mailing. I'll be picking stamps for a while! as Lil updates mailing list. Dee

also send you a book as  
soon as the envelopes come.  
But I'm not sending out  
them the flyers until after  
the ancillary rights are  
used, if sold; or the stores  
are set. If no sale rights  
depends on when I know. It  
will be for Sunday use either  
9th or 16th - before LDS gives  
its "special" now set for 20th.  
Before my 11/19 debate with  
Belm, too.
