

If you have any thoughts or suggestions re the Szulc/Star/New Republic business I'd welcome them. I have had and will have little time for thought but do believe what I indicate in the enclosed is possible. Sending copy Skeptic by magazine mail. It is an extra copy. If I get an extra copy of the terrible Csup d'etat in America book by Weberman would you like it? I doubt it will be worth the reading time but I have a copy I haven't read and have been promised another. HW 9/20/75
