

APR 20 1976

Dear Jim: This is a new (to me) typewriter and as you can see I haven't as yet mastered the fine art of setting the margins. Time, hopefully, will take care of that.

It is very welcome news that Jenifer is progressing so well. I doubt very much if many people adopt the attitude she has developed, which is regrettable since attitude has so much to do with progress. I know you will be happy to have her at home again.

In the meantime, this is just a note to say that on the letter from you which arrived this mornigg, (4/19) there is too much postage. First ounce is 13¢, succeeding ozs. are 11¢ each, in case you p.o. hasn't advised you. Service is so lousy I can see no reason for any unnecessary underwriting of it..... Best to you both, and most especially to Jenifer.

Lil
