

Dear Jim -

Thank you so very much for sending the pictures of Jennifer. She was indeed a beautiful person -

I was indeed glad that she came with you when you visited us. My regret is that I wanted to talk with you about her and learn more of her but didn't know how to begin -

I do know that she will be close to you all the rest of your life and that she has contributed much to making the world a better place by being herself -

And I do believe that, although the body dies, the essence remains, invisible but available to those who are left on this side -

This isn't exactly what I would like to say but I'm really not very good at putting my feelings and beliefs in words - especially since they are many times at variance with those of others - I hope you'll understand -

Lil
