HW:

Re Butterfield's "accidental" disclosure of the existence of the WH tapes, the following, snagged by the STM kkrough while reviewing his testimony on 16 July 1973, would seem pretty conclusive:

.... Sen. Baker: You have notified counsel for the White House of your interview [July 13 ?] and of your testimony, what you are going to testify here today?

Mr. Butterfield: Yes, sir, I have.

Sen. Baker: Was there any intimation to you that executive privilege should be claimed on your part ?

Mr. Butterfield: No, sir, there was not.
