Ford Listed As Recipient Of Illegal Gift

President Ford, while a member of the House in 1970 and 1972, was among at least 30 members of Congress who received small but illegal campaign contributions from Phillips Petroleum Corp., the Oklahoma firm reported yesterday.

In documents filed with the Securities and Exchange Commission and U.S. District Court here, Phillips also detailed illegal contributions to Presidents Johnson and Nixon, some of which were spelled out earlier to the Watergate special prosecutor.

Although Phillips earlier revealed in general terms the existence of a political slush fund and campaign contributions totaling \$585,000 (all but \$90,000 of which was illegal), yesterday's report was the first time that recipients of the donations - except for Nixon — were named.

According to Phillips, \$175,0000 was paid to presidential candidates and \$125,000 to
