## **Replacements Seen in Ford Cabine**

## **By Jack Anderson** and Les Whitten

In earnest talks with his friends in and outside government, President Ford is beginning to shape the Cabinet he hopes will carry him through until January, 1977, and beyond.

White House insiders tell us Mr. Ford is now concentrating on replacements for Health, Education and Welfare Secretary Caspar W. Weinberger and, further along, Defense Secretary James R. Schlesinger. Others almost certain to be dislodged in the near future are Agriculture Secretary Earl L. Butz, Housing and Urban Development Secretary James T. Lynn and White House budget chief Roy L. Ash.

Arnett cut off all OEO funds for the federation early this year and believes his decision may have been a factor in his firing by Mr. Nixon. Now, we have learned that President Ford is considering Arnett for a high White House domestic advisory job.
