

The crime was so neatly done, so ~~effortless~~
apparently stupid, that Helms told Gray "We
can't figure this one out" Gray says that in
FBI, same beunderment, it on checked close-
it meant we knew this.

Thinking this as truth, that there was beunder-
ment, it was helped along by the FBI
managing to avoid the throw & the US attys
often not doing what was called for, not
pursuing other criminal violations
