April 1, 1974

Dear Harold,

Separately I'm sending you the Life article on Fortas/Wolfson and the incorporation papers of the Georgetown Club and the New Majority Book Club, Inc. The copies of the incorporation papers are not the best which can be made from my original, at least I think not, but I'll have to wait until after Houston before getting better copies. I doubt you will have flown south by then.

I would like the Life back after you get through with it.

A couple of months back I did some checking on the members of the Georgetown Club who are listed in the Blue Book. I recognized a couple who had been in recent trouble, like Carl Shipley and True Davis. Noted also that Fred Korth is a member. A high percentage of those who are members also belong to the Army Navy Club and/or the International Club. ~~XXXXXXXXXXXXXXXXXXXX~~ But if this has any significance, I don't know what it is. The lease arrangement means the Georgetown Club must be making quite a bit of money through one means or another.

Carol sent me a check to have John's trial transcript xeroxed, but I won't proceed on that until I hear from John in answer to my letter telling him not to see McMillan.

Best regards,

  
Jim
