

summary p. 1131 In the way so great as to be almost unnoticed, Holderman has the worst case of amnesia to date with all the "cant signifier" it is a marvel he could make it "with Nixon". He and Ehr are amnesia, not samson turns

Hunt threat report ^{with} to Dean from Britman - figure \$1,000,000 mentioned in his presence - Dean said "It was clear to me when I came in that they had discussed this matter, 9 L + D, before I got there. A "jubilee" two addenda" of what he "had left out, part of what I submitted." Reads "one pertinent paragraph"

"Dean described process of delivering the funds" Completed at 3/30 but was 3/21 type

Thompson's detailed questions, H says "to draw him out" doesn't know why same ~~question~~ questions asked over again in his presence. "He's led him one way & then led him the other way"

Thompson's? finally spelled out, to show that it was "suspicions of Dean" H won't say that, says "it was no clear to me."

On H saying "it was wrong to pay mechanical - it was not said in his presence."

"My intention, I think... was to put out a WIT statement... try to put all the facts together... and release it... I didn't understand the legal" questions.

Thompson didn't even know "you can't release grand jury testimony"

Dean's reaction to going before grand jury - came up several times in a week - good idea, but only with immunity.

Thompson asks if "anyone ever asked him why he or anyone else would need immunity". Dean felt there was a problem" for Dean, H, Ehr, Mag & Thos - not asked what the problem was.

Some of M's? "were not making sense to Dean" who then told N. that Dean knew it was hearing some things for the first time. "From 3/21 on the Pres became very much involved" in seeking info.

Could how it coincides with Dean going to prosecutors) Before he got there - ^{Dean said} he had told him no WIT involvement in break-in Dean looks into pre 6/12 part 6/12. Went into Liddy's plan for gen. intelligence program

Don told Paris that he had met H/D whose plans as H conveyed.
Also of Wilson's "pressure" phone call on Magruder, another "serving the
"interests" of the activity, which had been sent to Strachan
Post 6/12 - 2 areas of concern 1) democracy 2) money 3) "get our
problem Hunt had talked with Hunt or B/T men" about it, "simply
Don't Don had been a conversation".

XI "specifically asked me to tell Colson" to see if he had had this conv.
(This after entry on tape he heard)
("Blackmail points" discussed at opening, when I didn't hear)
Ellokey on tapes "only a passing ref to the US behavior of the
passing matters of concern" described a "possible related
problems, and among them". The was Fielding - first
time he heard Don charges. Brodman, Segretti, "Substantive
money & expenses" Chappa quadric.

Don raised his possible vulnerability "in a series of phone
calls from Camp David what I was a King Biscayne
In a court- would guy, he volunteered that Don went to C. Board:
3/23, returned 3/28.

P28 H's statement - The last of what H set related to "opposition"
Thompson asks "have you any documentation"? He "has been told"
or Thompson asks him to go down the list without yet saying
or asking who was responsible. Or, a line of question to just off
official paranoia, official crime - The Crimes.

Says it was "brought down" or "almost every" campaign stop
Tracy does, he says as Stone of Liberty - not a campaign stop
T says Don has not been any investigation of these
things, assuming organized form, activity and men
exactly what he says.

~~with the~~ When Ervin Don warns up on tapes &
lawyers, nobody remembers him Wilson or also Nixon's counsel

3) When Eason says it is a W.H. Frank, Wilson laughed.
Baker? o fails to ask if M. DeLoach knows what H would say of tapes from his report both on what he heard.

Talmadge? o Print out out today "first considerable time" on log of H's days.
Gurney? o H brought + Mag. to W.H.

Moyle? o "I also has several other tapes in my possession at that time of several other notes that I did not list onto."

H laughs in saying he did not always follow H's orders, adding that when he did not, he always told him.

H appears that you, independent in on Walker but no ~~concern~~ concern about how it was spent. "Blind trust in certain knowledge?"

Wenke? o "Totally under his control" - H's description of the situation when Nixon had let him have the tapes outside the WH when H was no longer at the WH.

Not contemplated anybody would know of the tapes - due to Moyle.

For HISTORY? That nobody ever knows?

Moyle - H listened to all of meeting - just he was not there + from he was

Speed - slowest of 4 - meaning 15/16 (Moyle ignores thickness of tape, which can double time) Tapes handled entirely by

S.S. - Chungking, etc.

Eason - "Whenever? case concerning WH restriction ... I asked my counsel to take advice of the WH. ..." His counsel also

Moyle's lawyer.

Here H gives 2 different answers ^{from H} to DeLoach and 1, 00, 000, comparing my earlier notes on this - one time "but it would be wrong to NOT being said by Nixon."

Moyle? o on some tapes + machine given him. He took them home + played 9/15 tape. How does he know "it was a faithful recording" of that meeting. "It was in a box identified by that date." Finished in evening. Left them at his residence for the WH day + returned them + tapes + machine + following day returned. Had 9/15 for 2 days. Nobody in house.

7) * Manifest if he'd he never saw any and one of any sort to
WPS: a GOP from May 4 now Df has come up with no
evidence of any Dem. threat.

Gurney? How didn't say why couldn't be lawrence - but said
what amounts to the same thing a different way

Montoya? God damn - Nixon did not ask any questions of
the hell left a reported public charges involving M + Wops.

Wischer? "I" urged that he bring on young people" Wishes
"Who sets the example" for those who confess what they have. He asked
on integrity that these people had the qualities "and do" - after
all they confess?

Erno - Bay back to Wilson letter & DeLo's letter on Nixon's
of evidence - 6/15/73 answer to May 24 "even indicated"

"No info of the kind you requested" from the Sec. Dir. &
FBI He says "This confirms that there has been
no investigation"

Wilson actually asks have they investigated Democratic
evidence!! When it was also thrown this was a
last stage of the hearings.
